1. A BRIEF PROFILE OF THE UNIVERSITY

The **Central University of Tibetan Studies (CUTS)** at Sarnath is one of its kind in the country. The University was established in 1967. The idea of the University was mooted in course of a dialogue between Pandit Jawaharlal Nehru, the first Prime Minister of India and His Holiness the Dalai Lama with a view to educating the young Tibetan in exile and those from the Himalayan regions of India, who have religion, culture and language in common with Tibet.

Originally named as Central Institute of Higher Tibetan Studies (CIHTS) and began functioning as a constituent wing of the Sampurnananda Sanskrit University, and eventually emerged as an autonomous body in 1977 under the Department of Culture of Ministry of Education, Government of India. The Institute's unique mode of functioning has been duly recognized, and on the recommendation of the University Grants Commission, the Government of India bestowed upon it the status of a 'Deemed University', under Section 3 of the UGC Act 1956 on the 5th of April, 1988. Ven. Prof. Samdhong Rinpoche was the first Director of the Institute, who continued his office till 2000. Following the recommendation of the Society on 30th September, 2008, the nomenclature of the Institute was revised as Central University of Tibetan Studies (Deemed to be University under Section 3 of the UGC Act, 1956) with the approval of the Government of India, which was publicly released by His Holiness the Dalai Lama on 15 January, 2009. Presently, the Hon'ble Culture Minister, Government of India, Ministry of Culture, is the Chancellor of the University. Professor Geshe Ngawang Samten is the present Vice Chancellor Under his able leadership and with the support of the learned faculty-members, the University is on its march towards achieving further excellence in the fields of Tibetology, Buddhology and Himalayan Studies.

Besides the regular academic projects, the University is furthering various research programmes by in-house scholars, and visiting fellows from other academic institutions of India and abroad. CUTS provides a large platform for interaction between the Buddhist and the non-Buddhist philosophical schools of India, and also between the Buddhist and the Western philosophers and scientists. In recognition of its achievements of excellence, the National Assessment and Accreditation Council of the UGC rated the University with a Five-Star credit.

Projects Envisioned

All the arts carved on the throne have their own significance. Some important signs are carved on it. Vajra is carved in the middle of two lions on all four sides of the throne. The vajra symbolizes the immortal qualities of high lamas and the two lions represents the valor. The staircase is also highly designed - seven jewels are carved on the staircase on both sizes. Cakra with two deer, the logo of Buddhist institutes is also carved. On the two sides of the back-support, nor 'dzin pa tra is carved and Blazing Jewel is carved on the top of the back-support. 1. Restoration Department

Vision

The restoration Department was established as an independent Department of the Research to restore ancient Indian science and literature preserved in Tibetan language, into original Sanskrit. It is not only aimed to restore the texts for research purpose, but to revive a lost Indian culture into its original form. This is the only University in the world, where such work is being carried out. The top priority is given to important works of Acharya Nagarjuna, Aryadeva, Shantarakshita, Kamalashila and Atisha and so on.

To restore the text into Sanskrit, the scholars of this Department works in collaboration with Indian Sanskrit scholars. This is a well-known tradition coming from the 9th century in Tibet. When these texts of Indian cultural heritage were first translated into Tibetan from Sanskrit, it was compulsory for a Tibetan translator to work with an Indian Pandit as a subject expert. Abiding by that tradition, this Department is also working with Indian scholars who are well versed both in Sanskrit and in Buddhist Philosophy. It is a matter of great honour that Prof. P.P. Gokhale and Prof. Ram Shankar Tripathi, a President Awardee as well as a Padmashri Awardee scholars, are working with this Department.

4. Dictionary Department

Vision:

Till a few decades ago, when interest in the Mahayana Buddhism began to rise world-wide, literature related to it was limited to classical languages like Tibetan and Chinese. As a result of the efforts of scholars like Mahapandita Rahul Sankrityayana, some Sanskrit texts did come to the attention of readers, but they were often inaccurate and incomplete. Seeing this situation, some contemporary scholars prepared an ambitious programme, the chief object of which was to prepare authoritative editions of the available Sanskrit texts, to restore fragmentary texts with the help of their Tibetan translations, to encourage high-level research based on the material available in these languages, and to make easily available the Buddhist literature available in the classical languages like Tibetan, Sanskrit etc. in modern languages like Hindi and English. In order to accomplish this ambitious programme, the need for various kinds of lexicons was felt. Accordingly, the Central Institute of Higher Tibetan Studies undertook a grand Dictionary Project, in which there was a provision for the creation of two kinds of lexicons – general and specialized Tibetan - Sanskrit Dictionary

As a part of the effort to prepare general lexicons, a Tibetan – Sanskrit Dictionary running into 16 volumes was started in the year 1981 and completed in the year 2005.
