Sub: - Information under RTI Act, 2005 - application of regarding.

Sir,

This refers to your online RTI application dated 26.05.2023, bearing Registration Number CUOTS/R/T/23/00003, CUOTS/R/T/23/00004 & CUOTS/R/T/23/00006 transferred from Ministry of Culture with Reference No. MCULT/R/T/23/00101/1, MCULT/R/T/23/00100/1 & MCULT/R/T/23/00098/1, received in this office on 30.05.23

2. From the perusal of your application, it is evident that the information sought by your goodself is from 2017 to 2023. The desired information, being voluminous in nature, is spread across several files and manual collection/compiling of data/information from many old files will take considerable time, manpower and disproportionately divert the available resources of the public authority. Your kind information is also drawn to the Chief Information Commission Decision CIC/NINSA/A/2017/183689-BJ dated 22.04.2019 in which the Commission has referred to the decision of the Hon'ble Supreme Court of India in CBSE and Anr. Vs. Aditya Bandopadhyay and Ors, SLP(C) No.7526/2009 wherein it was held as under:

"Indiscriminate and impractical demands or directions under RTI Act for disclosure of all and sundry information (unrelated to transparency and accountability in the functioning of public authorities and eradication of corruption) would be counter-productive as it will adversely affect the efficiency of the administration and result in the executive getting bogged down with the non-productive work of collecting and furnishing information. The Act should not be allowed to be misused or abused, to become a tool to obstruct the national development and integration, or to destroy the peace, tranquility and harmony among its citizens. Nor should it be converted into a tool of oppression or intimidation of honest officials striving to do their duty. The nation doesn't want a scenario where 75% of the staff of public authorities spends 75% of their time in collecting and furnishing information to applicants instead of discharging their regular duties. Sir,

This refers to your online RTI application dated 02/06/2023, bearing Registration Number CUOTS/R/T/23/00007, transferred from Ministry of Culture with Reference No. MCULT/R/T/23/00110/1, received in this office on 06.06.2023

2. From the perusal of your application, it is evident that the information sought by your goodself is from 2017 to 2023. The desired information, being voluminous in nature, is spread across several files and manual collection/compiling of data/information from many old files will take considerable time, manpower and disproportionately divert the available resources of the public authority. Your kind information is also drawn to the Chief Information Commission Decision CIC/NINSA/A/2017/183689-BJ dated 22.04.2019 in which the Commission has referred to the decision of the Hon'ble Supreme Court of India in CBSE and Anr. Vs. Aditya Bandopadhyay and Ors, SLP(C) No.7526/2009 wherein it was held as under:

"Indiscriminate and impractical demands or directions under RTI Act for disclosure of all and sundry information (unrelated to transparency and accountability in the functioning of public authorities and eradication of corruption) would be counter-productive as it will adversely affect the efficiency of the administration and result in the executive getting bogged down with the non-productive work of collecting and furnishing information. The Act should not be allowed to be misused or abused, to become a tool to obstruct the national development and integration, or to destroy the peace, tranquility and harmony among its citizens. Nor should it be converted into a tool of oppression or intimidation of honest officials striving to do their duty. The nation doesn't want a scenario where 75% of the staff of public authorities spends 75% of their time in collecting and furnishing information to applicants instead of discharging their regular duties. The threat of penalties under RTI Act and the pressure of the authorities under the RTI Act should not lead to employees of a public authorities prioritising 'information furnishing' at the cost of their normal and regular duties"

Kindly acknowledge receipt of the letter so that further course of the action may be initiated. Acknowledgement may please be sent within 07 days of receipt of the letter.

Sir,

This refers to your RTI application bearing registration number CUOTS/R/E/23/00002 dated 29.06.2023, received in this office on 07.07.2023.

2. From the perusal of your application, it is evident that the information sought by your good self is on different subjects, viz. (a) certified copy of RTI information asked by Shri Surendra Kumar dated 19.04.2018, Advocate Shri Shrikant Chatarjee dated 11.09.2018, Shri Raja Ram dated 09.01.2019, and reply given by the Institute (b) Approved certified copy of minutes of Board of Governors from 2016 to 2019 (c) Approved certified copy of minutes of Finance Committee from 2016 to 2019 (d) Gazette or document or accreditation letter approved by UGC in r/o CIHTS (e) CIHTS complies all the rules of UGC in recruitment of teaching post yes or no (f) total number of student enrolled from 2020 to 2023 under different stream (g) No. of teaching faculty like Professor, Associate Prof, Assistant Prof, visiting Prof, Guest teacher (h) no. of thesis, research papers, general published in national or international paper by Professor & Assistant Professor from 2020-2023 (i) total expenditure incurred to purchase allopathic medicine from 2020 to 2023 and recommended medical officer name and (j) admission eligibility norms for different courses.

3. You have asked a number of information which is personal information of third parties, the disclosure of which has no relationship to any public interest and such personal information is entitled to protection from unwarranted invasion of privacy under section 8 of the RTI Act, 2005. Your RTI application also contains hypothetical information, which is out of the purview of the RTI Act. Please refer to the CIC Judgement in the Appeal No. CIC/SB/A/2016/001025/CBCE-8J dated 03.03.2017, "At the outset the Commission observed that under the provisions of RTI Act, 2005, only such information as is available and existing and held by the public authority or is under control of the public authority can be provided. The PIO is not supposed to create information that is not a part of the record. He is also not required to interpret information or furnish replies to hypothetical questions."

4. The information desired by your goodself is not readily available at one place and is spread across several files and wings/sections. Manual collection/compiling of data/information from many old files/documents/wings/sections will take considerable time, manpower and disproportionately divert the available resources of the public authority. Your kind attention is drawn to the Chief Information Commission Decision CIC/NINSA/A/2017/183689-BJ dated 22.04.2019 in which the Commission has referred to the decision of the Hon'ble Supreme Court of India in CBSE and Anr. The threat of penalties under RTI Act and the pressure of the authorities under the RTI Act shouldn't lead to employees of public authorities of public authorities prioritizing 'information furnishing' at the cost of their normal and regular duties"

5. Furthermore, Chief Information Commission in T.K. Roy vs Department of Legal Affairs CIC/AT/A/2009/000802 held that provision of section 7(1) obligated an applicant to restrict RTI Application to only one subject or one type of subject, which may have multiple facets. The Act does not entitle an applicant to include in one application queries on myriad subjects and then expects the PIO to dispatch each part of the multiple queries to the point where the information was known to be likely held. Similarly, in Wasi UI Haque vs UPSC CIC/WB/A/2008/01256 it was held that as per section 6(1) read with 7(1) of the Act, a request means that the question and answers must share an embryonic relationship, the genus of the application must be one and sub questions can constitute different species of the same genus.

Keeping in view the above facts and section 7(9) in conjunction with section 2(j) of the RTI Act, you are hereby requested to kindly visit the Institute for inspection of documents/records, in accordance with the RTI Act, 2005 and as per mutually agreed date & time. Kindly acknowledge receipt of the letter so that further course of the action may be initiated. Acknowledgement may please be sent within 07 days of receipt of the letter.

Sub: - Information under RTI Act, 2005 - application of

Sir,

This refers to your online RTI application dated 30.07.2023, bearing Registration Number CUOTS/R/E/23/00004, received in this office on 31.07.2023.

The desired information is given below.

Q.No.1- The value of work done by M/s Bajrang Associates in financial year 2022-23 is Rs. 4405053.00

Q.No.1 & 2 - From the perusal of your application, it is evident that the information sought by your goodself is for 10 years. The desired information, being voluminous in nature, is spread across several files and manual collection/compiling of data/information from many old files will take considerable time, manpower and disproportionately divert the available resources of the public authority. Your kind information is also drawn to the Chief Information Commission Decision C1C/NINSA/A/2017/183689-BJ dated 22.04.2019 in which the Commission has referred to the decision of the Hon'ble Supreme Court of India in CBSE and Anr. Vs. Aditya Bandopadhyay and Ors. SLP(C) No.7526/2009 wherein it was held as under:

"Indiscriminate and impractical demands or directions under RTI Act for disclosure of all and sundry information (unrelated to transparency and accountability in the functioning of public authorities and eradication of corruption) would be counter-productive as it will adversely affect the efficiency of the administration and result in the executive getting bogged down with the non-productive work of collecting and furnishing information. The Act should not be allowed to be misused or abused, to become a tool to obstruct the national development and integration, or to destroy the peace, tranquility and harmony among its citizens. Nor should it be converted into a tool of oppression or intimidation of honest officials striving to do their duty. The nation doesn't want a scenario where 75% of the staff of public authorities spends 75% of their time in collecting and furnishing information to applicants instead of discharging their regular duties. The threat of penalties under RTI Act and the pressure of the authorities under the RTI Act should not lead to employees of a public authorities prioritising 'information furnishing' at the cost of their normal and regular duties"

Keeping in view the above facts and section 7(9) in conjunction with section 2(j) of the RTI Act, you are hereby requested to kindly visit the Institute for inspection of documents/records, as per mutually agreed date and time. Kindly acknowledge receipt of the letter so that further course of the action may be initiated. Acknowledgement may please be sent within 07 days of receipt of the letter.
